WORK REQUESTED:

Grossing: Yes ☐ No ☐ How many tissues/cassettes:_____
Special Instructions:_____

Routine Processing: Yes ☐ No ☐ How many tissues/cassettes:_____
Special Processing: _____

Routine Embedding: Yes ☐ No ☐ How many cassettes:_____
Special Embedding: _____

Cutting: Yes ☐ No ☐ How many cassettes/blocks to be cut?:_____
Section thickness: 4 microns (routine) ☐ Other ☐ If other, please state:_____
Hematoxylin and Eosin Stain: Yes ☐ No ☐
How many slides per block:_____
Do you want levels or serial sections: Yes ☐ No ☐ If yes explain:_____
Number of tissue sections on each slide(our routine is 2 unless too large):_____

Number of Unstained slides (add slides for special stains): Yes ☐ No ☐
How many slides per block:_____
Do you want levels or serial sections: Yes ☐ No ☐ If yes explain:_____
Number of tissue sections on each slide(our routine is 2 unless too large):_____

SPECIAL STAINING:

NOTE: Currently we only have the **highlighted bolded stains** available. If you would like other stains please make arrangements well in advance of need.

Category I Special Stains: (**PAS, Acid Fast Bacilli {AFB}, Oil Red O, Prussian Blue Iron, Wright's Stain, Giemsa Stain, Toluidene Blue,** Von Kossa, Congo Red, Mucicarmine, Cresyl Violet, etc.)

Category II Special Stains: (**Masson's Trichrome, McLetchie's Trichrome, Movat's Pentachrome Gram**, Elastic, Alcian Blue pH 2.5, Colloidal Iron, etc.)

Category III Special Stains: (GMS, Reticulin, Jones, Bielchowshy, Fontana Masson, unusual or difficult stains not mentioned, etc.)

Special stain ordered:_____

Number of slides to be stained per block for this stain (If slides need to be cut for special stains: PLEASE MAKE SURE TO order the number of unstained slides needed for your special stains under "CUTTING (unstained slides) section above):_____

Special Instructions:_____
_____
_____

FROZEN SECTIONING

Frozen Sections: Yes ☐ No ☐ Core Embed: Yes ☐ No ☐
How many blocks:_____

How many slides per block:_____
Of those slides: how many H&E/block:_____
how many Unstained/block:_____
how many sections per slide (routine: 2/slide:_____

Special Instructions:_____

IMMUNOHISTOCHEMISTRY

Immunohistochemistry/Antibody provided by Investigator: Yes ☐ No ☐

What tissue (kidney, spleen, etc.) and animal are we staining? _____
Which antibodies are we working with?_____
How many slides/antibody(if you have many antibodies for different slides please indicate on a separate sheet which antibodies you want on each slide):_____
Additional materials provided by Investigator:_____
Special Instructions:_____

Immunohistochemistry/Core provided Antibody and materials included: Yes ☐ No ☐

What tissue (kidney, spleen, etc.) and animal are we staining?_____
Which Antibodies are we working with?_____
How many slides/antibody (If slides are needed please add to total number of unstained slides under Cutting: unstained slides):_____
Additional materials provided by investigator:_____
Special Instructions:_____

HISTOLOGY CONSULTATIONS:

(Routine Histology, Frozen Section, Immunohistochemistry, In Situ Hybridization):

Consultation/Training with Histotechnologist
Date and time requested:_____
Purpose of Consultation:_____
Time used for training or consultation:_____

CUSTOM ORDERS (with Dr. North and/or Christine Duris's approval):_____
