

I-94 EASTBOUND TRAFFIC SWITCH

As part of the Zoo Interchange project, the I-94 East lanes, between WIS 100 and 92nd Street, will be shifted north onto the newly constructed pavement Monday, December 12. Along with this traffic switch, traffic traveling on I-94 East will no longer be able to exit at 84th Street. This exit ramp will only be accessible from I-41/894 North until Summer 2018. To get around this closure you should exit I-94 East at the WIS 100 exit ramp or the 70th Street exit ramp.

Please note that your GPS may not yet be up to date with the new freeway design, so watch directional signage closely.
