Innovation in nursing practice: A rainbow of opportunities

7:30 a.m. – 4 p.m.
Wednesday, November 4
Sheraton Milwaukee Brookfield Hotel
375 S. Moorland Road, Brookfield, Wis.
Featured Speakers:

Keynote Presentation
Innovation through simulation: Practice makes safer
Eric B. Baumann, RN, PhD

Dr. Eric B. Baumann received his PhD in 2007 from the University of Wisconsin-Madison School of Education, Department of Curriculum and Instruction. Dr. Bauman is a registered nurse, firefighter and paramedic with more than 20 years of clinical, research, teaching, and command experience.

After receiving his PhD, Dr. Bauman held the position of Faculty Associate in the Department Anesthesiology at University of Wisconsin School of Medicine and Public Health. He subsequently founded Clinical Playground, LLC, a consulting service focusing on game and simulation-based learning. Dr. Bauman is Assistant Dean for the Institute for Research and Clinical Strategy and was recently named Fellow and Visiting Scholar at the University of Wisconsin-Madison School of Education, Department of Curriculum and Instruction with the GLS. Bauman also currently holds the rank of Division Chief of Emergency Medical Services for the Blooming Grove Fire Department.

Dr. Bauman is a strong advocate for multidisciplinary and interprofessional education and research. Bauman’s experience spans various disciplines, including, adult education, human factors analysis, team dynamics, emergency medical services, firefighting, and healthcare. He has presented on various topics at numerous regional, national, and international conferences and has authored and co-authored book chapters and articles on game and simulation-based education and evaluation. Dr. Bauman continues to publish and present as both a vetted and invited speaker and author in the fields of simulation and game-based learning.

Plenary Presentation
Courage in nursing: Innovation at the bedside
Rhonda R. Foster, EdD, MPH, MS, RN, NEA-BC

Dr. Foster has a Master of Science degree from Georgetown University, a master in public health degree from the Northwest Ohio Consortium, and a doctorate of education in leadership studies from Bowling Green State University.

Energetic, visionary, and insightful, Dr. Rhonda Foster is a published and highly sought-after hospital consultant with a penchant for driving change, quality, and organizational improvement. While she served as the vice president of patient care services and chief nursing officer for the Children's Hospital of Michigan, Dr. Foster's collaborative and transformative leadership style led to innovative patient-care programs and the esteemed Magnet® recognition. Dr. Foster now works full-time as a consultant and educator. She is based in California and serves clients around the world.

Dr. Foster has traveled the globe conducting lectures and seminars on quality healthcare delivery, hospital administration, and leadership. Dr. Foster's primary strength is her ability to put theory into practice. Understanding the benefits of technological advances in healthcare administration, Dr. Foster, a catalyst and early adopter, led the implementation of an electronic medical record system that provided computerized physician order entry and ease in nursing documentation and medication administration. In addition, prior to its becoming a widely accepted practice, Dr. Foster implemented a nurse residency program for new graduate nurses that resulted in a 40% reduction in turnover.
Conference Schedule

7:15 a.m.  Registration/Continental Breakfast

8:00 a.m.  Welcome Address
Nancy Korom, MSN, RN, NEA-BC, FAAN
Vice President & Chief Nursing Officer
Children’s Hospital of Wisconsin

8:15 a.m.  Keynote Presentation

10:00 a.m.  Breakout Session #1 (Choose one)
A.  Simulation: The name of the game is debrief
Eric B. Baumann, PhD, RN
Founder and Managing Member, Clinical Playground, LLC
Madison, WI

B.  Who will mind the meds? Improving care transitions by optimizing medication reconciliation
Jill Grevenow, MSN
Sara Petre, MSN, APNP
Advanced Practice Nurses, Special Needs Program
Children’s Hospital of Wisconsin

C.  Liquid Gold: Donor human milk and lactation
Lisa Brock, BSN, RN, IBCLC
Lactation Consultant
Children’s Hospital of Wisconsin

12:30 p.m.  Breakout Session #2 (choose one)
A.  What’s on your mind? How our subconscious may influence our patients health care experience
