### **Meeting location:**

**Children's Hospital of Wisconsin  
Community Services  
620 S. 76th Street, Suite 120  
Milwaukee, WI 53214**

## **Treatment Foster Care**

There is a significant need for treatment foster parents to provide safe homes for our community's most vulnerable children. **You can help. Be the one to make the difference for a very special child or teen!**

Treatment foster care is home-based care for children who are in need of safety and healing. Foster children range in age from birth to 18 and come from diverse backgrounds. The children need your support and care to help them with a wide range of treatment needs. **Register for an orientation meeting to learn all about Treatment Foster Care.**

## **Respite Foster Care**

Respite Foster Homes provide short term foster care to a variety of foster children. The program is flexible and provides a great support to full time foster parents. **Register for an orientation meeting to learn all about Respite Foster Care.**
