

Cribs for Kids[®] Program Resources

Babies need a firm surface for safe sleep. This means every baby should sleep on a firm sleeping surface made especially for infants such as a crib, bassinet or Pack 'N Play[®].

Cribs for Kids[®] providers in Wisconsin

Use this site to find providers in Wisconsin and the nation. <http://cribsforkids.org/find-a-chapter/>. Searching on the internet for your county health departments will put you in touch with a resource for a crib.

Safe sleep means:

- Alone with you nearby
- On the back
- In a crib or Pack 'n Play
- Room temperature should be comfortable to a lightly clothed adult

Unsafe sleep means:

- Sleeping in a bed or crib with others
- Sleeping on a sofa, recliner chair or soft bedding alone or with others
- Using crib bumpers, blankets, pillows or toys in the crib
- Smoking in the house or car.

ALERT: Call your child's doctor, nurse, or clinic if you have any questions or concerns or if your child has special health care needs that were not covered by this information.

This teaching sheet is meant to help you care for your child. It does not take the place of medical care. Talk with your healthcare provider for diagnosis, treatment, and follow-up.
